## SANDS' SARSAPARILLA,

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, or habit of the system, viz—

Scrofula, or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomachic Ulcers, Syphilitic Symptoms, Sciacia, or Lumbago, and Diseases arising from an impure state of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life—Also, Chronic Constitutional Disorders will be removed by this Preparation.

This valuable Medicine is now used and universally approved by the most distinguished of the Medical Profession throughout our country, and, by its intrinsic medicinal value, the public generally (but the afflicted particularly) have been made acquainted with its efficacy, in the removal and cure of diseases having their origin in an impure state of the blood. The SARSAPARILLA is combined with other ingredients, all of which are held in the highest estimation by the most distinguished physicians.

As a mild aperient, antiseptic and tonic, it contains the three most useful properties of medicine. It purges, purifies and restores. Scrofula, Cancer, Leprosy, all Ulcers and Scrofulous Sores, all Diseases of the Skin, and all internal disorders not organic, but springing from a diseased circulation, give way before its vigorous influence.

The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

New York, April 22, 1846.

Messrs. A. B. & D. Sands: Gentlemen—Feeling it due to you and to the community at large, I send you this certificate of the all-healing virtues of your SARSAPARILLA, that others who are now suffering may have their confidence established and use your medicine without delay.

I was troubled with a severe ulcer on my ankle, which extended half way up to the knee, discharging a very offensive matter, itching, burning, and depriving me often of my rest at night, and very painful to bear.

I was recommended to use your SARSAPARILLA by Mr. J. M. McConnell, who had been cured by it, and after using five bottles I was completely cured.

I have delayed sending you this certificate for one year since the cure was effected, in order to ascertain with certainty whether it was a permanent cure, and it now gives me the greatest pleasure to add that I have not only achieved a cure, but feel the slightest reappearance of it, and that I am entirely well.

Yours very truly,

SARAH MINTYRE,

210 Delancey street, New York.

MONTREAL, Nov. 28, 1845.

Messrs. SANDS—I deem it an act of justice to myself and the community at large, to relate the following fact, which occurred in my neighborhood in the latter part of July, 1845. A young girl, named Sarah Mintyre, was afflicted with an impure state of the blood, and the result of a diseased circulation, in the form of a severe ulcer on her ankle, which extended half way up to the knee, discharging a very offensive matter, itching, burning, and depriving me often of my rest at night, and very painful to bear.
